

## **Jared Kozar**

New York, N.Y. 10029

Cell: 917.656.1034 / Email: [jared.rkozar@gmail.com](mailto:jared.rkozar@gmail.com)

Website: <https://jaredrkozar.com/> LinkedIn: <http://www.linkedin.com/in/jaredkozar> GitHub: <https://github.com/jaredrkozar>

### **OBJECTIVE:**

Self motivated and collaborative college student who is looking for an internship in iOS development so I can learn more about the field and improve my programming skills. Loves solving tough technical problems.

### **EDUCATION:**

University of Hartford, West Hartford, CT

Sept 2019 - May 2023

**Dual Major:** B.S. Computer Science, B.A. in Multimedia Web Design & Development

Overall GPA: 3.88

#### **Awards and Honors:**

- Fall 2019 - Spring 2021 Dean's List with President's Honors
- Fall 2019 - Spring 2021 Honors Program
- Recipient of 4 year Merit President's Scholarship

**Relevant Coursework:** Software Development, Operating Systems, Concepts of Programming Languages, Data Structures and Algorithms, Intro to Web Development, Data Mining, Fundamentals of Computing II, Fundamentals of Computing I

### **TECHNICAL KNOWLEDGE:**

Languages: Swift, Java, SwiftUI, Python, HTML, CSS, JavaScript. Object-oriented programming

Programs: Xcode, GitHub, Sketch, Adobe Photoshop

Technologies: Storyboards, Auto Layout, VisionKit, Core Data, Core Graphics

### **PROJECTS:**

- **SimpleNotes**
  - Wrote an app using Swift to allow users to take notes using their iPhone, iPad, or Mac
  - Utilized the Google Drive and Dropbox APIs to allow users to upload notes to cloud services
  - Implemented tags so users can easily organize their notes and find them later
- **VisionText:**
  - Created an app with Swift to allow users to extract text from any image
  - Enhanced the app so the text can be read aloud at a adjustable speed, pitch, and volume
  - Import images by scanning documents, or from your photos library, the Files app, or via drag and drop from another app
- **imageResizer**
  - Created an app with Swift to allow users to easily resize images, right on your iPad or Mac.
  - Allows the user to resize images to any dimension, and optionally lock the aspect ratio so size stays consistent
  - Designed a native Mac UI, with support for context menus, multiple windows, and toolbars

### **EXPERIENCE:**

**Program Aide**, Lighthouse Guild, New York, N.Y.

July 2021-August 2021

- Provided individual student, team and agency support for 4 weeks, 25 hours/week in a work readiness, independent living skill development and career exploration program for legally blind students, aged 14-18
- Structured daily curriculum included academic, technology, recreation and vocational rehabilitation skills facilitated by licensed instructors with the goal for students to plan for careers and be independent, safe, productive and successful in the workplace and community

**IT Support Clerk**, NYC School Construction Authority, New York, N.Y.

July 2018 - August 2018

- Worked in a 4 person team to provide daily technical support to a 1500 person agency
- Completed a major agency project to replace 200 monitors ahead of schedule
- Tracked and unpacked equipment, installed and configured monitors with software, file setup, scanned computers into database
